

## City of El Paso Softball

### Changes for 2012

1. Team league roster limits will be increased to 22 players.  
*Re: Teams seem to need more roster spots.*
2. Shirt numbers will be limited to the standard sequence of 0-99.
  - a. No triple digit numbers.
  - b. No double digit number starting with "0".
  - c. No fractions.
  - d. No decimal points.
  - e. No duplicates.

*Re: Going "retro". There are just too many variations to keep up with, so simpler is better.*

3. Rosters will be submitted with players arranged in numerical order by shirt number.

*Re: Sometimes rosters are submitted with several duplicate numbers. Hopefully, this will fix the problem.*

4. Starting in January all game balls must be **NSA** optic yellow, black stitch. Men 12" .44 cor and women 11" .47 cor.

*Re: This includes the King of the Hill Tournament.*

The coach's poll about "protecting" the pitcher was a split vote. So, changes will not be made until after further research.
